Y's Owls Preschool at the Hamilton Area YMCA

Y's Owls Preschool is a place of discovery where each child is acknowledged as an individual with his or her own feelings, needs and interests. Our philosophy is to focus on helping your child reach his or her fullest potential.

Now taking registration for the
2015/2016 school year.

A preschool education provides opportunities for young children to discover their own abilities, to make simple adjustments to their environment and to become aware of their bodies. Our program directors lead a qualified, experienced staff in implementing the Creative Curriculum. This curriculum provides your child with a balance of structured and independent activities and builds the foundation for academic and social competence.

Families are an important part of our preschool community. Parents are encouraged to visit, volunteer and share hobbies, occupations and traditions. Opportunities for family involvement occur through parent meetings, parent workshops and special events.

Look Whoooo's Talking About Y's Owls

"I chose the YMCA preschool for my son because I saw the teachers delight in his rights of passage into childhood as they cultivated them — learning numbers and letters, eating healthy packed lunches, navigating friendships, learning to swim and ride a bike, planting a garden."

"Our children excelled in kindergarten after 1 year in preschool, and they continue to excel in all subjects."

"Swim lessons and enrichment classes...you won't find these extras at other places."
