

FAQS

We understand that you may have questions about the closure of our YMCA facilities:

When will the Y open again?

We have planned a 2-week closure at this time. The Y will reassess the situation and will update members no later than Sunday, March 29 regarding the status of facilities and programming from that point forward.

Have any Hamilton Area YMCA members or staff tested positive for COVID-19?

No. At this time, we are not aware of any members or staff at our facilities who have tested positive for COVID-19.

What is the Y doing during this two-week closure?

The Y will be doing a deep sanitizing clean during the 2-week closure. We will also be bringing some of our offerings to members virtually through social media. When you can't come to the Y, we will do our best to bring the Y to you! Follow the YMCA on Facebook and stay connected to your community.

I was in the Y recently, should I be concerned?

We all need to be aware of the potential spread of the virus and monitor ourselves and loved ones for COVID-19 symptoms of fever, cough, and shortness of breath. If you or a loved one develop these symptoms please stay home and speak to your healthcare provider. For more information go to the CDC information page on COVID-19 to learn [What You Need To Know](#) and [What To Do If You Are Sick](#).

I have general questions about COVID-19

Call the NJ COVID-19 & Poison Center Public Hotline at 1-800-222-1222 or 1-800-962-1253 if using an out-of-state phone line. Trained professionals are standing by to answer your call 24/7 or visit nj.gov/health. NOTE: Hotline is not to locate testing, to get test results, or for medical advice.
